ON the 24th Inſtant a Council came to a Reſolution to admit the Brother and Nephews of the preſent Pope into the Number and Rank of the Nobles of this State; and the next Day the Senate unanimouſly confirmed this Reſolution: Advice of which was diſpatched to Sig. Cornaro, Ambaſſadour of this Republick at the Court of Rome. Berne, June 4. The Great Council of the Canton of Zurich having taken into Conſideration a Letter newly written to them from the chief Magiſtrates of the Circle of Swabia aſſembled at Ulm, have reſolved to communicate that Letter to all the Swiſs Cantons, and to recommend to them to comply with the Circle's Requeſt of interdicting all Commerce with France, on Account of the Plague. The Council of Zurich have written to the Magiſtrates of the ſaid Circle, to inform them of this their Reſolution by way of Anſwer, and to aſſure them that the Canton of Zurich will not only employ all imaginable Precautions for its own Safety and that of its Neighbours, but will uſe its utmoſt Endeavours to diſpoſe the other Cantons to comply with their Requeſt. The Canton of Zurich have ſent this Letter to Ulm by a Secretary, who has Orders to go on to Inſpruck, in Caſe thoſe Magiſtrates ſhould have left Ulm, to uſe all Arguments for preventing the Interruption of Commerce between Switzerland and the Circle of Swabia, which that Circle has threatened in caſe the Cantons do not comply with their Demand. But ſeeing that two Voices only were wanting in the Aſſembly of Ulm to make the Interdiction take Place immediately, and that it is to be feared the Cantons will not eaſily agree upon ſo difficult a Point, it is apprehended that the ſaid Interruption of Commerce with the Empire will take Effect, to the great Prejudice of the Canton of Zurich in Particular.
